

TECHNICAL DATA SHEET

Roof Top Restore Flexible Pointing has been specially designed for use in construction applications, where advantage can be taken of its excellent adhesion and water resistance.

Roof Top Restore Flexible Pointing is available in a variety of colours and is trowel applied to point and re-point concrete and terracotta ridge capping.

Roof Top Restore Accelerator is a spray-on solution that can be applied onto surfaces where Roof Top Restore Flexible Pointing has been applied if rain is imminent and faster set time are required. Please note that Accelerator will only set the outside layer of the pointing.

FEATURES & BENEFITS

- Fade resistant colour.
- Long service life.
- No staining by leaching cement salts.
- Waterproofing the key tile joints.
- Eliminates leaking ridges and discoloured pointing.
- Water wash-up.

HEALTH & SAFETY

- **Contact Poisons Information Centre (Phone Australia: 13 11 26) or a doctor.**
- **IF SWALLOWED:** Rinse mouth. Do NOT induce vomiting.
- **IF ON SKIN:** Wash with plenty of soap and water.

- **IF EXPOSED OR CONCERNED:** Get medical advice/attention.
- Wear appropriate protective clothing, gloves, eye/face protection and suitable respirator.

RECOMMENDATIONS & PRECAUTIONS

- Use this product in a well-ventilated area.
- Ensure that the application of the product is in accordance with Roof Top Restore recommendations.
- Due care and consideration should be taken where water collection methods are present. Roof Top Restore recommends allowing 14 days curing and an initial rinse (rain or tap water wash) prior to reconnecting water collection systems.
- The surface preparation is the responsibility of the Builder, Renovator, Contractor, or Applicator. It is also the responsibility of the Applicator to ensure that the substrate is of an acceptable standard prior to the application of the Roof Top Restore Coating System.

DISCLAIMER: The recommendations and data provided in this document are true and accurate at the time of testing. The information is given in good faith but without any guarantee as conditions and methods of use of the Roof Top Restore product are beyond Roof Top Restores control. Roof Top Restore recommends that the applicator of this product conducts a small test patch in an inconspicuous area to determine the suitability of the Roof Top Restore material and its recommendations prior to use or application.
